

WEDNESDAY, APRIL 11.

**FIRST DISTRICT CONVENTION.**  
The republican election of the first congressional district, are hereby notified that a convention will be held at Clinton Junction, Tuesday, May 1st, at 2 p. m., for the purpose of electing two delegates and two alternates to represent this district in the national republican convention to be held at Chicago, June 10th. Also to name one presidential elector and to transact such other business as may properly come before the convention. Rock county will be entitled to 12 delegates, Walworth 9, Lincoln 6, and Kenosha 3.  
Geo. A. Viles, Secretary of Committee.

**A NOTICE FROM ENGLAND.**

Those who claim that free trade and English wages are more desirable than home protection and American wages have their attention called to some testimony from the law where people have more free trade and production than they can manage. Mr. H. J. Pettifer, an electric plate worker, and secretary of the Workingmen's Association for the defense of British industry, whose office is in London, was sent to the United States last summer by his association to know of his own personal knowledge whether the working classes of this country were better off under protection than the English working classes are under free trade. Mr. Pettifer spent two months in the United States, and studied very closely the condition of the working classes in the large manufacturing cities. His impressions are well worth reading:

That any person who had to earn a living in America as a producer must first become a slave before he becomes a free trader and the farmers must be the greatest of the whole lot to think of such a thing. Before any of your workingmen (either engaged in manufacturing or agriculture) talk about free trade, let them send one of their number over here to see what it is doing for six months looking for a job until his coat gets ragged, and his shoes get thin, and he gets thinned of all, and everywhere he goes for work he will be told that the Germans and Belgians are doing the work cheaper than he can do it; then let them send for him home again and hear what he says about free trade.

Then Mr. Pettifer makes a significant suggestion which has some force to it: "If it is the surplus revenue that is causing the trouble send it to some free trade country. You never knew them to have a surplus, or if you don't like to do that, take it out to sea and sink it, or burn it or do anything in fact rather than adopt free trade, that is to say if you do not want foreign competition to ruin your manufacturing industries, and by so doing ruin your farmers by robbing them of their home market."

In connection with this subject it may be interesting to free traders to know that a large English firm of tapestry manufacturers are coming to this country and will establish their works at Pullman, Illinois. There is more of a demand for their goods in the United States than in England, and they want to get where there is a home market. They will employ several hundred hands, very many of them skilled mechanics. Does the Chicago Tribune call a tariff system which will establish manufacturing of this kind near its own city a robbery?

**GOVERNOR RUSK FOR PRESIDENT.**

The Milwaukee Sentinel publishes an interview with H. C. Payne, Esq., regarding the chances for securing the presidential nomination for Governor Rusk. Mr. Payne is one of the ablest political politicians in Wisconsin, has spent much time this winter in eastern cities, and was in Washington at the time Governor Rusk visited that city. Speaking of the governor's reception at Washington, Mr. Payne says:

"Everybody had a friendly word for Governor Rusk, and stranger things have happened than his nomination. If I was in Washington at the time the governor was sojourning there, and I can tell you he attracted a great deal of attention as a presidential possibility. A perfect stream of people called on him all the time to tell him that they would be glad to see him in the republican ticket, and in fact there was a friendly feeling all around. The newspapers had considerable to say about him in connection with the presidential nomination. If Wisconsin should elect a delegate to the Rusk as the Iowa delegates will be for Allison, in my judgment the chances will be first-rate to secure his nomination. The trouble is that Wisconsin people are too apt to think that this state will not be recognized to the extent of having a candidate for president picked out from among its men; but, if a delegation is picked out of active, energetic republicans intent on putting Gov. Rusk to the front, his chances are as good as anybody's."

"On what special ground do you think the governor ought to be urged?"  
"He compares very favorably with most of the men who are mentioned in connection with the presidential nomination, as regards ability, integrity and the qualifications of a good, safe executive officer. There is nothing that can be said against him, while something can be said against the candidates who most every one of the United States senate. At some time or other they have made a mistake in voting on some important measure, and there is the record to show it. Against Rusk nothing of this kind could be brought. He is a strong man in every way. I have no doubt but that he will get a united delegation from Wisconsin, but I hope that the delegation will also be an energetic one."

Lady Colin Campbell, it is reported, has been offered \$5,000 for two lectures in America which, on the advice of Matthew Arnold, she has declined. Her decision is a credit to the lady and a kindness to the American people.

The leaders of the Burlington strike still insist that the strike is on. That is very true; and the strikers are still without work and consequently without wages.

**HE HAS A CHANCE.**

Roscoe Conkling's Condition Said to Be Improving.

**HIS HEROIC STRUGGLE FOR LIFE.**

After Pleading a Day Prolonged with Danger, He Begins to Experience Periods of Comparative Rest—The Physicians' Views.

**AN IMPROVEMENT NOTICED.**  
New York, April 11.—At 1:30 a. m. Mrs. Conkling, who had been in the sick-room, said that her husband was better than he had been at any time for forty-eight hours. Among the messages of condolence was one from Mrs. John A. Logan.

At 2 o'clock Mr. Conkling had a fit of delirium and arose and restlessly paced the room. He was finally quieted, and at 3 o'clock was sleeping quietly. Mr. Conkling is the only patient in the sick-chamber.

The day was an eventful one at the Hoffman House, where the ex-Senator is lying. Many friends called to inquire for Mr. Conkling, and messages of sympathy and inquiry so deluged Mrs. Conkling's apartments that she was obliged to refuse to open any of the letters or to receive any guests. In the sick-room, which is the middle chamber at No. 44 West Fourth street, Mrs. Conkling passed the day, sometimes in bed, sometimes walking restlessly and deliberately up and down the floor. One or more of the doctors were with him all the time.

After the operation Monday, in which an opening was made quite through Mr. Conkling's skull to relieve the pressure of the abscess upon his brain, the patient passed the whole of Tuesday night in a delirious condition. Several times he was reported to be sinking, but each time he rallied, and while much apprehension was felt by the family, the doctors were not in the least alarmed. Yesterday morning at 7 o'clock Mrs. Conkling appeared and she was evidently quite hopeful.

Dr. Fordey Barker at 9:30 made a careful examination and said that the patient was very much better, and that the operation had performed all that was expected of it. Dr. Barker called at 10 o'clock and remained some time, as Mr. Conkling refused to take his medicine from any other hand but Stokes. At 11 o'clock there

ROSCEO CONKLING.

was a slight relapse, and the patient for a time lost consciousness. Again, and again Mr. Conkling got up from his bed and wandered about the room until he was so exhausted that he permitted the attendants to lead him back to his couch. During this time Mrs. Conkling remained by his side, constantly doing all that could be done to induce him to take the rest he needs so much.

Outside the sick-room at this time rumors got abroad that the doctors had handed him a death warrant. All the time the case was becoming extremely critical. Colonel Fred Conkling, who came out of the room at this time, was besieged by his friends, who were all anxious to know his brother was very low and that he had little hope for the result. Soon afterward the sick man rallied again, however, and regained consciousness. He recognized his doctor, asked him how long he had been in the room and spoke to other friends in a manner which showed that his mind was much clearer than it had been. So the hours passed in a continual sinking and rallying, but, however, a slight margin of gain in strength for the patient.

At 5 o'clock Dr. Barker called and remained half an hour. Up to the time of his arrival the patient had been sinking, but when he came in, he refused all medicine and he could not force it into his mouth. The doctor used his strategic powers and succeeded, in restoring the patient to a condition to take some pills which produced a peaceful sleep, lasting for some time. He then waited and dozed again until 7 o'clock, at which time the doctors pronounced him to be in a better condition than he has been since his illness began to be serious. All the changes have been in his favor, and while the doctors will not yet express an opinion on his chances for recovery it is manifest that every one about the sick-room takes a more sanguine view of the situation. The physicians say that if Mr. Conkling can be kept alive for three days he will recover.

A reporter asked Dr. Barker: "Can Mr. Conkling recover?" The doctor cautiously replied: "It is a treacherous disease and can not be known for the future. All the changes that have taken place to-day are in the patient's favor. But very little has been discharged since the operation was performed."

**UNDER MANY INDICTMENTS.**

Secretary Kerr, of the Broadway Railroad, to be brought to trial.

New York, April 10.—The district attorney is to begin action to-day in the trial of Thomas Kerr, secretary and treasurer of the Broadway railroad. There are twenty-one indictments against Kerr for bribery and conspiracy. He was indicted in conjunction with Sharp, Richmond and Postay. Kerr and Richmond are dead. Kerr gave the most startling evidence at the investigation. He said that he and Postay carried to the famous "round house" \$200,000 in currency and placed the packages on the table, according to Sharp's testimony, \$220,000 in currency which he had carried there, making \$720,000 all told. Kerr is said to be dreadfully frightened.

**Fire in New York.**

New York, April 11.—A fierce fire broke out yesterday morning in the five-story warehouse, 125 Cedar street, occupied by Hiram & Co., glass sign, Dryden Bros' musical waters, and J. H. Sackett, publisher. Three alarms were sent out before the flames were subdued. Hiram & Co. lost \$20,000, the others about \$5,000 each. The origin of the fire is a mystery.

**ARTHUR TALKS.**

He Still Believes the Brotherhood Has a Chance of Winning in Its Fight with the Burlington Road—The Strike Will Not Be Broken.

CHICAGO, April 11.—Chief Arthur, of the Brotherhood of Locomotive Engineers, returned to the city yesterday from his visit to Cleveland. He was soon in close consultation with Messrs. Hoge and Sargent, who detailed to him the phases which the strike had assumed during his absence.

Mr. Arthur has by no means lost hope as to the outcome of the strike. In an interview he said that from what he could learn of the condition of affairs since his departure for Cleveland there was no material change. From the information he had obtained he was prepared to state that the Burlington road was not doing as much business as it claimed. The striking engineers were opposed to the idea of giving up the fight, and the strike will therefore not be broken.

The Brotherhood had decided to sustain them financially and otherwise until the end. "The 'Q' Company," he said, "can never operate the road successfully with the men I now have, and the prospects are just as good now for winning the strike as they were at the beginning. The new feel that if they could not get the line as now it would be a failure of the road will get tired of running the concern under a loss. The company is losing money now and will continue to lose." Mr. Arthur said that he was not a combination, but he knew of between the Brotherhood and the Knights of Labor, and no new move against the "Q" was contemplated just now. The battle, he said, would be fought out the line as now it stands.

He said the company was willing to confer with the men, and in that case the strikers would meet them half way. The Burlington officials did not seem to worry yesterday over the strike declaration of war by the strikers. They would be glad to get back some of their old men, but under the circumstances announced that they can get along without them. It was said at the general offices yesterday that besides having as many engineers as are needed at present the company has from 200 to 300 more applications on file in case it should need additional help. The company advanced its independence of the Brotherhood by doing another very large freight business yesterday.

**HEWITT AND THE FLAG.**

A Test Message to the Aldermen, Pointing Out that the Irish-Americans Have Well at the Hands of the Empire State and Should Be Chary About Making Further Demands.

New York, April 11.—Mayor Hewitt sent the aldermen a piece of his mind yesterday about the American flag and the green flag. It was in regard to the aldermen's resolution to repeal the ordinance which gives the mayor the power to control the raising of flags on city hall flagstaff. Mayor Hewitt has vetoed this resolution, and in a message directs attention to the fact that while the Irish-American element is only 15-20 per cent of the population, 27 per cent of the aldermen and 25-30 per cent of the police-men of New York are Irish. The mayor concludes as follows:

"These facts, when properly considered, should impose a modest restraint in claiming new privileges, which are not now known to the law, and not desired by the more conservative portions of the nationality. In these times the executive is demanded. The American people, made up of many elements, is tolerant, long-suffering and slow to anger, but they regard the flag as the symbol of nationality, and they will resist any proposition which looks to the recognition of any other idea of sovereignty within the limits of the United States, which is embodied in the National flag, sanctified as it is in their hearts by glorious and tender memories of patriotic sacrifice."

**FOR THE VACANT CHAIR.**

Judge Rufus W. Peckham Advanced as Justice Walter's Successor.

ALBANY, N. Y., April 11.—Every Democratic member of the State Senate, Chairman Edward Murphy, of the Democratic State Committee, and many other influential members of the party to this State have signed a memorial to the President asking that the appointment of Judge Rufus W. Peckham, of the Court of Appeals, Justice of the Supreme Court, be made. Judge Peckham is one of the strongest Democrats in the State, and left the Supreme Court bench of the Third Judicial District to go to the Appellate bench. Judge Peckham was an intimate friend of Daniel Manning, as he is of President Cleveland. His nomination would be very well received in this State, and it is believed here that his chances are good.

**Municipal Elections.**

ALBANY, N. Y., April 11.—At yesterday's election the Democratic ticket of Edward A. Maher mayor and the entire Democratic city ticket by majorities ranging from 2,500 to 3,200.

**Justice Carr, N. Y., April 11.—Mayor Crozier of Cleveland (Dom) was re-elected for the fourth time yesterday by a majority of 5,000. The Labor candidate polled less than 1,000 votes.**

In Hoboken the mayoralty contest is very close. Edwin Jerr is said to be favored by Councilman August Graessman (Ind. Dom).

**The Boulanger Affair.**

PARI, April 11.—The Republican Council of Nord has issued a circular addressed to the electors of that district warning them that the election of General Boulanger would mean a dictatorship and war. A meeting of electors at Fourmies in the department de Nord Monday night unanimously endorsed the circular. The Paris Temps says the Republicans who are following Boulanger are only helping Bonapartists.

**Arkansas Republican Delegates.**

LITTLE ROCK, Ark., April 11.—The Republican State convention met here yesterday and elected delegates to the Chicago convention. The resolutions adopted were in favor of the election of General Boulanger.

**Fire in Cuba.**

HAVANA, April 11.—Advices from Matanzas state that the crops of the outside of the house of the Dolores estate have been burned. The fire spread to three adjoining estates—the Diana, the Andrea and the San Juan—destroying large quantities of cane and killing a large number of cattle.

**Welcome Rain.**

CHICAGO, April 11.—Heavy rains yesterday all over Illinois will prove very beneficial to spring farming operations. The rain stopped seedling for a day or two, but will settle the ground, start pastures and greatly relieve winter wheat. The prospect for the winter wheat crop in Illinois is very poor.

**MILTON.**

—The result of the recent election in this town is very gratifying to the friends of good government and it must be especially so to the chairman elect, Mr. P. M. Green, who received a majority of 108 out of a total vote of 450, despite the fact that his opponent, who is a first class business man, headed three different tickets. At the trustees meeting the recommendations of the outgoing board, with the exception of the necessary funds for ordinary town expenses, were all voted down by a large majority. All of the expenses incurred in the recent highway survey were stricken from the report, and a resolution unanimously adopted instructing the incoming board to fully investigate the items of expenditure made by the old board and if they found any illegal expenditure of town funds had been made to cause the amounts to be replaced in the fund from which it had been taken; and also if it was found that there had been any malfeasance in office, to proceed according to law as laid down in the statutes. The town decided to do away with the road commissioner feature after the present year. An appropriation for graveling highways was carried; an appropriation for a law and order fund was defeated by a vote of 108 to 342. A road proposition was also "set down upon."

**—Oscar Freeborn, of Luma, had his barn destroyed by fire during the storm on Wednesday night, it being struck by lightning. The barn was totally destroyed, including one steer, wagon, hay, grain and tools. It was a new barn, and the loss is estimated at \$800. He was partially insured in the town company of Luma.**

—T. Cole returned to his school work at Clearmont, Minn., last Friday. He expects to return to this place in July.

**We clip the following item of interest from the Decatur, Alabama, Sunday Herald:**

"A beautiful six-year-old daughter of Mr. and Mrs. B. W. Briggs, won the applause and hearts of every one present by her charming rendition of two vocal selections which she sang with a grace and control of voice which would have done credit to one many years her senior."

**—The following letter explains itself and will be read with pleasure by the many friends of Milton college. The institution now has a productive endowment of \$30,000, to which large additions will undoubtedly be made during the present year. This nest egg places the college on a sound basis and makes its future secure.**

PLAINFIELD, N. J., April 2, '88.  
Rev. W. Whitford, D. D., Milton, Wis.: My dear Mr. President: I have paid into the "Memorial fund" the sum of \$10,000, for the benefit of Milton college, on the same terms and conditions as my former gift. I am sending you a check on eight thousand of it, and on the balance as soon as it can be satisfactorily invested, wishing you and your college much prosperity. I am very truly yours, Geo. H. Babcock.

**—David Borkham returned from Chippewa county last Saturday and when he left there on Friday, the snow was three feet deep on the level.**

—The spring term of the college is prosperous and there are considerably more than one hundred students registered, mostly in the advanced classes.

—Misses Lucy and Mattie Marston are quite sick with measles at this time. Two other cases in town are doing well.

—Mr. A. O. Friedell remains about the same, but recently has been able to take but small quantities of nourishment, and hopes of his recovery are entertained. Dr. J. W. St. John, of Janesville, who is the counsel in the case, thinks the patient has a fighting chance of being out again.

—Evan Davis left Thursday for Gladstone, Mich., and from there goes to Ontario, Canada, on business connected with the mining company.

—A. D. Hamilton sent a large number of magazines, books and papers to the Soldiers' Home at Wausau this week.

—J. F. Johnson, of Madison, was in town last week shaking hands with friends. He can now walk about as before.

—W. H. Borden is in the tobacco business again and intends to buy two or three hundred cases of the '87 crop. He will handle his purchases at the Williams & Borden warehouse.

—W. H. Lane started for his old home at Dockport, New Jersey last Thursday. He goes east on business connected with his mill and during his absence Allen & Bernhart will run the feed grinding department of the mill.

—The spring term of the graded school here last Monday with a good attendance.

—O. O. Ball has built a machinery shed east of his store and will handle a line of farm machinery.

—Now is the time to subscribe for the Weekly Gazette and be politically posted.

—The republican club held its second regular monthly meeting at P. H. Hall, Milton Junction, on the evening of the 3d inst. Ninety new names were added to the constitution, making the total membership 241. The executive committee were instructed to correspond with John W. Binton, of Milwaukee, with a view to securing him as a speaker at the next regular meeting of the club, which occurs May 1st. The members of the club is a committee to secure new members and we hope that the membership will reach three hundred at the next meeting.

—Prof. Chas. D. Evans gave a musical and rhetorical entertainment at college chapel on the evening of the 4th inst. The professor is a violinist of merit and deserved a larger audience than greeted him on that occasion.

—Watches and jewelry very cheap at W. W. Clark's this month.

## SHOT WITH A BOTTLE.

Fourteen-Year-Old Eddie Marsh Meets With a Serious Accident.

**The Explosion of a Bottle of Powder Tears Out His Right Eye.**

Eddie Marsh, fourteen year old son of Tyler Marsh, of the fifth ward, was seriously injured by an explosion this morning. He was playing with a muskeg bottle full of gun powder near the Milwaukee & St. Paul round house when there came an explosion. Several older boys who heard the explosion ran to the spot and found young Marsh writhing in agony on the ground.

A piece of the bottle had struck the boy's right cheek, and had plowed forward through the eye. The eye had literally been blown from its socket.

Other wounds were also made by the flying glass, one on the wrist and one on the forehead, but the first was most serious.

Dr. J. W. St. John was at once called, the boy's wound was dressed, and he was taken to the city hospital, where he now lies.

**BRIEFLETS.**

—Machinery and lumber for paving Milwaukee street has begun to arrive.

—Mrs. O. A. Hunt will re-open her school for the spring term on Monday, April 10th.

## MISS PETERSON REMOVED.

Peter J. Mount Installed as Assistant Postmaster This Morning.

**Considerable Feeling Aroused By the Change—How it Occurred.**

The people of Janesville will be greatly surprised at reading the announcement that Miss Louise Peterson has been dismissed as assistant postmaster in the Janesville postoffice, and Mr. Peter J. Mount appointed in her place. To many this was not expected, and in fact it was only known to a few. Of Mr. Clark's more intimate friends. The outside world were given to understand that Miss Peterson would not be removed.

On Mr. Mount's qualifications for the position, the Gazette has no criticism at this time. He has been a hard worker in the democratic camp, and probably this is his promised reward for services rendered his party.

It remains to be seen whether his retention in the office for more than thirty days after the inauguration of the next president of the United States.

Personally, Mr. Mount is a good citizen, a gentleman possessing an array of personal friends in Janesville and vicinity, and whose integrity is unquestioned. The only thing that can be said against him by his political opponents at this time is his politics, which he carries to the extreme. His appointment is hardly in keeping with the civil service rules yet it may be in keeping with the rules of the present administration.

Miss Peterson has been connected with the Janesville postoffice for nearly two years. She succeeded Miss Anna King under Postmaster T. J. Rager's administration, serving under Mr. Rager two years, under Mr. Bowen four years, under H. A. Peterson eight years and under Hamilton Richardson four years. She entered the postoffice as a delivery clerk, succeeded J. D. King as head clerk, and for a number of years has been an assistant postmaster. She has been a most thorough and competent postal employee in the state, having been called upon several times to act as inspector and adjust the affairs of neighboring offices. It had been generally hoped, even after the change in administration, that she would continue to hold her place. About a week ago, however, she was given to understand that her resignation would be acceptable. She replied that if her place was wanted it would be necessary to remove her outright, and to-day Mr. J. Mount was formally installed.

**"A CASE IN POINT."**

The Re-count in Fond du Lac, and How it was Accomplished.

The Recorder of this morning, publishes the following:

"The second ward election resulted in a good deal of controversy, but the election of the council's right to re-count the ballots ought not to be a subject of dispute. The following Milwaukee Sentinel has the information of our readers we publish the dispatch, which reads as follows:

"THE FOND DU LAC ELECTION RE-COUNT.

"FOND DU LAC, April 9.—The re-count of the vote cast in this city last Tuesday was made by the canvassing board of the city council in public, and the election boards showed that Alex. McDonald, the citizens' candidate for mayor, was elected by twenty-two majority, but the re-count to-day reduced the majority to twenty-two. There was no change made in the balance of the tickets.

This was published by the Recorder in order to give color to the work of the democrats in their efforts to ignore law and count the ballots in this city. The true facts in the Fond du Lac case, however, are these, Fond du Lac has a democratic council and mayor, city clerk, and in fact is democratic through and through.

At the late election, the democratic party was driven from power by the people, the same as in Janesville. The democratic council in Fond du Lac, thought that a re-count of the ballots would elect their man mayor and would elect their candidate for treasurer. The re-count and people's candidate had a majority for mayor of 25. The following from the Fond du Lac Reporter (democratic) indicates how the re-count was reached by the council:

Pursuant to the action of the council that body reconvened for a re-count of the ballots cast at the recent municipal election for the offices of mayor and city treasurer.

On a motion for a re-count that one ward have its ballots re-counted by representatives of both parties, Mr. E. Coleman appeared for Mr. McDonald, the candidate for mayor, to interpose an objection to a re-count on the ground that it does not appear that this body has authority to re-count the ballots, and for the purpose of making the proceedings for the same irregular. The objection of Mr. Coleman was tabled and the motion was carried.

The democratic clerk produced the ballots and the re-count gave one less majority for the republican candidate.

**THE NEW BOOK STORE.**

At No. 20, West Milwaukee street, next door to Britton & Kimball's the firm of King & Skelly, will open up a first class book store, and news emporium about the 23rd inst. The store is 100 feet deep, and is being fitted up expressly for the business.

The store will include a fine line of wall paper, curtains, books, stationery, and everything pertaining to a first class establishment. Mr. E. W. King, the senior member of the firm, succeeded to the business established by his brother, J. D. King, in 1863, twenty-one years ago. For the past ten years he has occupied the store adjoining the postoffice. He has long been recognized as a successful business man. Possessing all the elements of popularity, his life long residence in the city has won for him a host of friends, who will rejoice in his continued prosperity. Mr. W. J. Skelly, the junior member of the firm, has been in the employ of Mr. King for the past seven years. He is thoroughly familiar with the details of the business and his acquaintance throughout the city which has always been his home has resulted in making for him many friends. The firm is a good one and they will do a successful business.

**THE WEATHER.**
